

Jeff and Katie are from Memphis, TN. They have been married since 2011 and have a daughter, Emerie, and a son, Eric. Jeff is a graduate of Covenant Theological Seminary. They have been in Tokyo, Japan, since October 2016. Tokyo is a city of 35 million people, the largest city in the world, with less than 0.5% of the people having a personal relationship with Jesus. Their people live under a lot of pressure with a high suicide rate. Jeff and Katie are taking God's message of hope to these unreached people through evangelism, discipleship, leadership training and church planting. They have a heavy university presence and have recently partnered with RUF to provide a better foundation for their church planting efforts through reaching university students.
